*But we love and faith full with our faithful Lord Jesus Christ
and he always help us in our difficult times according to the promised.*

“The Lord Jesus Christ said, “The Spirit of the Lord is on me, because He has anointed me to preach good news to the poor. He has sent me to proclaim freedom for the prisoners and recovery of sight for the blind, to release the oppressed.””

LUKE 4:18

CHRISTIAN LIFE COMMUNITY IN PAKISTAN -1. Dear sweet readers, now Christians are just humbly living a fearful life in Pakistan, fear of Muslims, any time they can attack on Christian. And fear full life because there is nobody for our support in Pakistan or from the west and America. Pakistan is an Islamic country where the Christians form 2.1 % approximately of the total 160 millions of population. Being under the heavy flood of religious fundamentalism, the constitutional and social prejudice is practiced against Christians.

According to the law, Christians cannot become president, prime minister, chief of army staff and chief justice of the county. The blasphemy law, most of the causes have been founded false and based on personal rifts
Christian living style: Christian living in colonies, and have not much interaction with Muslims, for this living style, there is few reasons Muslim dislike friendship and any other type of relations or marriages, because they think that Christian are the unclean nation, because of their faith. They call to Christians “kafar” (kafar means, those are not Muslim or satanic, like demons.) Sometimes, some Muslims want to have good relations with Christians but they do not, because if they make relations

with Christian they call those Muslims “kafar” too, because they build relations with Christians or with sinners. In fact hatred among the common people of the Muslim create serious problems in the social lives of the Christians and in creation if Christian adopt very polite and bearable attitude for Muslim, even they would not like Christian. For Christian they have not any flexibility, because their religion is teaching them that Christian and Jewish cannot make the friends of Muslim, so according their faith they are bond and with this faith, they dislike and consider that Christian are their enemy.

They think that Christian are unclean nation, since they don't like to friendship with Christians, make marriage with Christian, eat in one pot, drink in same glass, using the same clothes or shake hands. They dislike even touching to Christians. They always repeat this that Muslims are brothers and brothers, so when ever two people Christian and Muslim will dispute, they gather against Christians, even until two individuals fight on personal issues,. Other Muslims will not see how it is right or wrong, but they always give support to Muslim person. And gather against Christian and even they always take action at the spot. This all they are doing to please their God (Allah).

Because of these facts, the interaction of the Christians with the Muslim community have not grown and has limited interaction, if anything, they make Christians dependent of the Muslims. The Christians are resource less and poor and they have to depend on the Muslims for their economic and social survival. They have to depend on the Muslims for survival. This kind of interaction cannot ensure equal status for the Christians. (continued)
