We partner with the organizations in our network to provide economic, inspirational, and ministerial assistance. **Go check out the web site to give your support or take up a collection at your next church service for eBlessings.**

**Our vision** is to assist less-privileged and less-fortunate families and communities towards a better quality of life in an atmosphere of love through economic assistance. **eBlessings** assists ministries and villagers to create an income stream and become economically independent through the export of African arts and crafts. These arts and crafts are also used as an eBlessings' marketing tool.

We are family owned and operated and look to grow and provide a wealth of Love to each and every participant on every level. We believe if EACH ONE BLESSES ONE, the world will change as we know it.
