

## EXECUTIVE SUMMARY

eBlessings is a faith-based, non-profit, 501(c)3 corporation, network, and ministry whose purpose is to assist Christian ministries throughout the world which focus on assisting orphans, street children, and families who are in serious need of social intervention and assistance. Since 2003, eBlessings has been providing fiscal assistance and indirect community involvement with numerous Christian ministries around the world which have a social and community focus. We partner with the organizations in our network to provide economic, inspirational, and ministerial assistance.

As an Amazon.com associate, eBlessings assists individuals with the layout and publication of books which they desire to get published and distributed. We also purchase arts and crafts from villagers through ministries in an effort to provide an economic pipeline to the rural artisans. eBlessings has a Pen Pal program through which over one thousand children share the experiences of daily life in America and in Africa. The hope is that long-term relationships will be established through this cultural exchange.

The problem is there is a large number of street children and orphans in countries in Africa, Asian, and Eastern Europe. The causes of this problem are: HIV/AIDS, genocide, child abandonment, rape, torture, domestic abuse, poverty, war, and the lack of economic opportunity, coupled with little to no education of parents and guardians. This has resulted in a large number of disenfranchised children and families who are unable to avail themselves of opportunities available to socially integrated families and community members. Human rights violations against children in the 1990s have become a common and disturbing occurrence in many African countries.

The goal of this proposal is to address the needs of street children and orphans in Burkina Faso, Bulgaria, Ethiopia, Ghana, Gambia, India, Ivory Coast, Kenya, Myanmar, Nigeria, Liberia, Rwanda, South Africa, Zambia, Zimbabwe, Togo, and Tanzania through the provision of in kind supplies including food, clothing, shelter, and financial support to host orphanage homes and related facilities (educational, shelters, and after school facilities) in selected countries.

In this program we are addressing food, clothing, education, and sustainability for school-age children (orphans, street children, and children from destitute families) from Bulgaria, Burkina Faso, Chad, Democratic Republic of Congo, Ethiopia, Gabon, Ghana, Gambia, India, Ivory Coast, Kenya, Liberia, Myanmar, Nigeria, Rwanda, Sierra Leone, South Africa, Sudan, Tanzania, Togo, Zambia, and Zimbabwe.

The Evaluation will be conducted by America's Non Profit Academy Incorporated. America's Non Profit Academy Inc is a Georgia Based Consulting Group designed exclusively to provide basic start up and technical assistance to New Non Profit organizations. Our team comprises of experienced Non Profit Consultants, Non Profit Attorneys, and Certified Public Accountants. Ojong Odidi is the Program Director (Atlanta); (BA) Political Science & Public Administration, (MA) International Peace & Conflict Resolution Studies, University of Notre Dame Indiana.

Evaluation design: The evaluation will analyze information to determine the extent to which the projects goals and objectives have been achieved. The assessment will determine the level to which the program is effective in meeting the needs of the faith based organizations and their communities. The evaluation will provide ongoing feedback to program staff and sub advisory committee to allow needed changes for

## eBlessings

program effectiveness, fiscal efficiency, and overall improvements and success of the program. The evaluation will include quantitative examination of both process components (Services and management task) and outcome components. Both program activities and budget spending will be monitored monthly.

We have been in the business of assisting orphans and street children for over three years by purchasing arts and crafts to have economic input in impoverished areas, sending clothing and household items, supporting community-based ministries and establishing cultural exchange through orphans writing local American children. We are currently addressing the problem outlined in the proposal and any assistance from outside sources is fundamental to have a broader impact with the organizations which whom we presently partner. We have a dedicated board of directors who are personally interested and committed to addressing the problems on which this proposal is focused. We have volunteers and organizations with staff members who will execute this grant.

We have support in the United States from St. Timothy United Methodist Church, The Cathedral at Chapel Hill, Metro World Outreach Center in Georgia, Third Baptist Church in San Francisco, Kesler Temple A.M.E.Z. Church, Marcus' church home in North Carolina; in Bulgaria, Life in Glory Apostolic Center; in Nigeria, Revival Valley Ministries, in Rwanda, HOSTA International, and in South Africa, Tower of Grace Worship Center. There are many more supporters of our efforts which are too many to list here. We have letters of support from local, civic organizations, church organizations, government organizations, public officials, and other interested parties and organizations.

Based on the above information, eBlessings is requesting \$750,000 in the support of our efforts to provide food, clothing, educational, and shelter assistance for orphans, street children, and children from destitute families with plans to continue this support with our sustainability program.

We plan to sustain the program beyond the grant period by the sale and distribution of African arts and crafts, the sales of eBlessings books, revenue generation as an Amazon.com, Google AdSense, and LinkShare associate, donations, solicitations, fundraising, and the institution of various community-based, business opportunities, i.e., water purification systems, Internet cafes, water transportation services, goat farms, and fish farms. We plan to secure promissory letters of financial commitment from local and national businesses, individuals, and organizations. We will initiate a funds matching program with corporations and interested parties. It is our expectation that these contributions will cover about 15% of our total budget.

## eBlessings

### INTRODUCTION

eBlessings is a faith-based, non-profit corporation, 501(c)3, network, and ministry founded by James Anthony Allen. The purpose of eBlessings is to assist Christian ministries throughout the world which focus on assisting orphans, street children, and families who are in serious need of social intervention and assistance. Currently, as an Internet ministry, eBlessings receives approximately three thousands visitors a day to our web site.

eBlessings also assists ministries and villagers to create an income stream and to become economically independent through the export of African arts and crafts for resale. These arts and crafts are also used as a marketing tool. The African arts and crafts help us to raise the awareness in society of ancient African artisan and their craftsmanship and it is our hope the arts will remind people of what they know of Africa and the plight of their children.

eBlessings is involved in the counseling of individuals who have found it difficult to fit into the societal norms. Adult males and females recovering from drugs, coming out of prison, homelessness, and any number of maladies. We conduct group counseling of younger individuals in two boys homes and various recovery homes and support programs.

We established a Pen Pal program in 2004, which has grown to more than one thousand elementary school aged children in the United States and regularly correspond with school-age children in several African nations. Elizabeth Allen is the eBlessings Pen Pals program director and is responsible for the reception and dissemination of the letters. She is involved with the local school system in the support of our Pen Pal efforts and is given class time with the students to share the program.

eBlessings also publishes and distributes both nationally and internationally a number of books; the highly acclaimed *International Daily Devotional* in which contributing ministers from different countries and various denominations bring awareness of their ministries and organizations. The *International Daily Devotional* fosters interoperability and communication among the eBlessings network members and non-members alike. eBlessings network members are traveling to different countries to participate in and conduct seminars, programs, and ministry. eBlessings produces as an associate of Amazon.com several books; *Wardaddy*, a novel, *iJac?: is JESUS a crackhead?*, an inspirational book, and *Growing Our Spirit Soul*. We also assist others in the layout, publication, and distribution of their books; *The Four in One Gospel of JESUS*, a compilation of the Gospels by a pastor in Bulgaria, Europe and his book, *Forgetting Things Behind*. Proceeds from eBlessings book sales are earmarked for eBlessings related projects.

Numerous organizations, which have a social and community focus, partner with eBlessings. In Rwanda, we network with HOSTA, Mission Puissance de la parole MPP, Good Samaritan Christian Association, Association of Pentecostal Churches; in Liberia, Children for Christ Ministries International, Victory Assembly Church, Liberian Refugee Camp, Liberian Children Educational Rescue Foundation; Life in Glory Apostolic Christian Center; in Ethiopia, East African Sisters for Charities, Full Gospel

## eBlessings

Church; in India, Jesus Gospel Outreach Ministries, Light of Hope Association, Jesus Christ Prayer Church, Four Corners Ministries, Jesus Love Ministries; in Ivory Coast, Evangelic Church of Revelation, Mission International Canaan Grace et Benediction; in Kenya, Jesus Praise Centre Church, Living in Victory International Ministries; in Gambia, Glory World Outreach Ministries; in Lome-Togo, Pentecostal Mission of the Christian Fraternity of Togo; in Burkina Faso, Assembly Church of God; in Myanmar, Four Corners Ministries; in South Africa, Free Gospel Fire Ministry, His Centre Praise & Worship Cathedral, Tower of Grace Worship Center; in Nigeria, Gospel Missionary Foundation, Revival Valley Ministries, Healing Banquet Ministries, Laughter Foundation Christian Ministry, Turningpoint Ministries, Christ Tower Bible Church, The Word Of Righteousness Ministries International; in Zambia, Shalom Bible College; in Zimbabwe, Greater Bibleway Gospel Church; in Ghana, Success Life Ministries, Hope Assemblies Of God; in Congo, Yahwe Jire Church and in Tanzania, Save the Nation Foundation (SANAF0). These organizations, most all of which are Christian church-based, represent men and women who live lives dedicated to the service of others. They are currently giving social assistance in the communities in which they live and are therefore positioned physically and organizationally to administer available resources. It is eBlessings position not to administer any funding until an executive board member visits the facilities, children, and families who we seek to assist through these organizations.

Founded in 2003, eBlessings has moved from a for profit company to a 501(c)(3) non-profit corporation in an effort to secure a more effective funding base for African, Indian, and European non-profits and socially conscious organizations who expect to find success in this effort. eBlessings is positioned to effectively administer fiscal resources to organizations who are currently assisting individuals, children, and families in need. We are in collaboration and integrating our efforts with other community organizations that offer their support in our efforts. We have received donations which addressed specific community involvement. We plan to sustain the program beyond the grant period by the sale and distribution of African arts and crafts, the sales of eBlessings books, donations, solicitations, fundraising, and the institution of various community-based, business opportunities.

## **PROBLEM STATEMENT/NEEDS ANALYSIS**

The problem is there is a large number of street children and orphans in countries in Africa, Asian, and Eastern Europe.

The causes of this problem are: HIV/AIDS, genocide, child abandonment, rape, torture, domestic abuse, poverty, war, and the lack of economic opportunity, coupled with little to no education of parents and guardians. This has resulted in a large number of disenfranchised children and families who are unable to avail themselves of opportunities available to socially integrated families and community members. Human rights violations against children in the 1990s have become a common and disturbing occurrence in many African countries.

There is an urgent need for the problems to be addressed. The long-term consequences of this problem if not address with result in children will not having proper nutrition because of lack of food. Children will not have educational opportunities due to lack of requisite school fees. Children will not have money to purchase clothing appropriate for their size or the season. Parents will send their children into the streets to beg, steal, engage in petty trade, or prostitute, which will place them in danger of petty street thugs, vehicular accidents, drug abuse, and those who prey upon the less fortunate.

The eBlessings non-profit corporation is located in Stone Mountain, Georgia, which is suburb of Atlanta, Georgia. The postal address is: P. O. Box 601, Stone Mountain, Georgia 30086. The address of its physical location is: 873 Hearthstone Drive, Stone Mountain, Georgia 30083. Telephone: (404) 734-7258; FAX: (404) 299-6427. eBlessings has network partners who minister to orphans, street children, and children from destitute families located in the following countries: Bulgaria, Burkina Faso, Chad, Democratic Republic of Congo, Ethiopia, Gabon, Ghana, Gambia, India, Ivory Coast, Kenya, Liberia, Myanmar, Nigeria, Rwanda, South Africa, Sudan, Tanzania, Togo, Zambia, and Zimbabwe.

See attachment for specific problems in each country. (PARTICUALR PROBLEM IN EACH COUNTRY, LIKE I WAS TELLING ODIDI)

eBlessings is positioned to assist in this issue because this ministry is presently networking with numerous ministries in the countries mentioned above who are currently working to improve upon the conditions of street children, orphans, and destitute families who are in their communities presently. eBlessings is a clearinghouse for the distribution of funds. Through our network, we are continuing to created intercommunication amount network members and interoperability between the network partners. Our approach is unique in that we have church organizations and civic organizations which are in-country working in an effort to relieve the destitute situations in which so many children are presently living or in which they are surviving with the least quality of life imaginable. We are in constant communication with these ministries to ascertain ways eBlessings can assist their efforts and how they can assist one another with the problems which are similar to their circumstances.

## **ORGANIZATIONAL CAPACITY & TARGET POPULATION**

The Project Investigator of eBlessings believes that helping orphans and disenfranchised street children in Africa, India, Bulgaria, and other countries is his divine destiny for his life. He is extremely committed to serving the less fortunate and those in need; and has a very strong work ethic. He has a Bachelors Degree in Business Management from the University of Maryland, European Division and some graduate work with the same university. He has traveled extensively as a former United States Army non-commissioned officer; and has managed numerous personnel with diverse backgrounds and pressing issues. He has worked in food service, the hospitality industry, television production, is a writer, a multi-media professional, a counselor, husband, father to four children, a graphics supervisor for eight Federal Reserve Banks, and is presently the executive director of eBlessings.

The board of directors are highly educated in various fields of expertise—missionary, attorney, computer professionals, engineer—have a commitment to community involvement and development. The board of directors support eBlessings' commitment to serving orphans and street children and are dedicated to the completion of eBlessings projects in these countries. The administrative team members of eBlessings are currently located in fifteen different countries and represent a diverse background of individuals committed to social services in their respective communities.

eBlessings consists of several orphanages, churches, ministries, and organizations dedicated and currently serving in the assistance of less-privileged and disenfranchised children and families. In Liberia, the Children for Christ Ministries International, founded in 2005, daily cares for ninety-eight children who live in conditions, which are less than adequate. They have fifteen administrators and eight volunteers. Founded after the 1994 genocide in Rwanda, the HOSTA (Hope for Orphans, Skills Through Training) orphanage has over three hundred orphans who live on the compound. There are four eBlessings partners in Rwanda at present with well over three hundred orphans, numerous staff and volunteers. In India, in the Andhra Pradesh region, there are four eBlessings partners, one of which is the Light of Hope Association. Our partners care for over sixty-five orphans cared for by LOHA, Four Corners Ministries, Jesus Gospel Outreach Ministries, and Jesus Love Ministries, not to include street children and children of destitute families. There are over twelve administrators and just fewer than twenty volunteers to assist with these children with that number fluctuating depending on the severity of the typhoon season and the flooding. We have additional partnering organizations, too numerous to place here; see attachment.

Our nineteen hundred-square foot facility is located in Stone Mountain, Georgia at 873 Hearthstone Drive. Our five staff members are supported by a group of fifteen volunteers and supporters include but are not limited to St. Timothy United Methodist Church, The Cathedral of the Holy Spirit Church, Metro World Outreach Church, Kesler AMEZ Church, Covenant Boy's Homes, Overcomers Support Groups, Stone Mountain Church of God, Third Baptist Church of San Francisco, and the Pentecostals of Stone Mountain.

Our target population are orphaned, abandoned, and street children between the ages of three months of age to eighteen years of age. These children have been found struggling to survive alone and without parents, parental supervision, relatives who care, or neighbors who have sought to help them in basic human survival. These children are often squandering lifeless in the villages, half naked begging on city street corners, sniffing glue to assuage the hunger or cold, prostituting for food or shelter, digging through trash competing with stray dogs, or caught stealing as a means to get a mere morsel of food. These

## eBlessings

children may get one meal a day or every other day, which consists of a simple tablespoon of meal. Some of the children have been starving for days.

**GOAL & OBJECTIVES**

To address the needs of street children and orphans in Bulgaria, Burkina Faso, Chad, Democratic Republic of Congo, Ethiopia, Gabon, Ghana, Gambia, India, Ivory Coast, Kenya, Liberia, Myanmar, Nigeria, Rwanda, Sierra Leone, South Africa, Sudan, Tanzania, Togo, Zambia, and Zimbabwe through the provision of in kind supplies including food, clothing, shelter, and self-sustaining support to host orphanage homes and related facilities (educational, shelters, church, and after school facilities) in selected countries.

<b>E. Self-sustaining Program</b>	
<ol style="list-style-type: none"> <li>1) To implement new revenue-producing businesses opportunities and bolster existing business ventures, for individuals, organizations, and ministries to continue the strides of improvement in individuals and organizations, initiated by the grant.</li> <li>2) To identify, solicit, and obtain annual sponsorship revenue from churches.</li> <li>3) To identify, solicit, and obtain annual sponsorship revenue from corporations.</li> <li>4) To schedule semi-annual fund-raising banquets.</li> </ol>	<ol style="list-style-type: none"> <li>a) Identifying, evaluating, and implementing new business opportunities the HOSTA organization will initiate; and bolster existing business ventures, which will generate income after expenses in five years. At the end of 2008, 15% of the programs will be sustained by this program in 2009, 50% in 2009, and 100% in 2011.</li> <li>b) Securing annual sponsorship revenue from churches. At the end of 2008, 5% of the programs will be sustained by this program in 2009 and 10% in 2009.</li> <li>c) Securing annual sponsorship revenue from corporations. At the end of 2008, 15% of the programs will be sustained by this program in 2009 and 25% in 2009.</li> <li>d) Implementing semi-annual fund-raising banquets. At the end of 2008, 5% of the programs will be sustained by this program in 2009 and 10% in 2009.</li> </ol>

## PROGRAM DESCRIPTION

**Feeding Program:** In this program we plan to provide three meals a day for 2,235 children, (orphans, street children, and children from destitute families) from Bulgaria, Burkina Faso, Chad, Democratic Republic of Congo, Ethiopia, Gabon, Ghana, Gambia, India, Ivory Coast, Kenya, Liberia, Myanmar, Nigeria, Rwanda, South Africa, Sudan, Tanzania, Togo, Zambia, and Zimbabwe. This program also includes agricultural sustainability whereby program participants are taught to grow and maintain crops. This program is to be instituted in 2007 and is restricted to individuals who are currently involved in the eBlessings network. The food will be prepared in the kitchen facilities which are planned as a part of the building projects for the orphanages and/or facilities which serve them. The feeding program will be operational from January 2007 to December 2007. This program is necessary because of the deplorable conditions under which these children are living. This program is associated with the “Education Program” in that studies have proven that school-age children learn better when they are properly nourished. The uniqueness of this program is that it not only feeds individuals but also trains them to grow their own food. See the attachment for the administrators of this program.

**Clothing Program:** In this program we plan to provide school uniforms and general clothing items for 2,235 children (orphans, street children, and children from destitute families) five to eighteen years old from Bulgaria, Burkina Faso, Chad, Democratic Republic of Congo, Ethiopia, Gabon, Ghana, Gambia, India, Ivory Coast, Kenya, Liberia, Myanmar, Nigeria, Rwanda, South Africa, Sudan, Tanzania, Togo, Zambia, and Zimbabwe. This program is to be instituted in 2007 and is restricted to individuals who are currently networking with eBlessings. The clothing will be purchased locally in Stone Mountain, shipped to the different countries involved and distributed by the program administrators in those countries. Where it is not customary or acceptable to wear American clothes, purchases will be made in country for appropriate school attire. See the attachment for the administrators of this program. The clothing program will be operational from January 2007 to December 2007. This program is necessary because of the children’s lack of clothing allows them to be susceptible to inclement weather which opens opportunity for sickness and maladies. **The program is unique in that the children ???**

**Education Program:** In this program we plan to provide the school fees, books, school supplies, and transportation for 2,235 children (orphans, street children, and children from destitute families) five to eighteen years old from Bulgaria, Burkina Faso, Chad, Democratic Republic of Congo, Ethiopia, Gabon, Ghana, Gambia, India, Ivory Coast, Kenya, Liberia, Myanmar, Nigeria, Rwanda, South Africa, Sudan, Tanzania, Togo, Zambia, and Zimbabwe. This program is to be instituted in 2007 and is restricted to individuals who are currently networking with eBlessings. The education program will be operational from January 2007 to December 2007. **This program is unique in that it is an integral** See the attachment for the administrators of this program.

**Shelter Program:** In this program we plan to provide and maintain new living accommodations and repair and improve present accommodations for 2,235 children (orphans, street children, and children from destitute families) five to eighteen years old from Bulgaria, Burkina Faso, Chad, Democratic Republic of Congo, Ethiopia, Gabon, Ghana, Gambia, India, Ivory Coast, Kenya, Liberia, Myanmar, Nigeria, Rwanda, Sierre Leone, South Africa, Sudan, Tanzania, Togo, Zambia, and Zimbabwe. This program is to be instituted in 2007 and is restricted to individuals who are currently networking with eBlessings. The shelter program will be operational from January 2007 to December 2007. **This program is unique in that it is an integral** See the attachment for the administrators of this program.

**Self-sustaining program:** In this program we plan to provide the school fees, books, school supplies, and transportation for 2,235 children (orphans, street children, and children from destitute families) five to

eighteen years old from Bulgaria, Burkina Faso, Chad, Democratic Republic of Congo, Ethiopia, Gabon, Ghana, Gambia, India, Ivory Coast, Kenya, Liberia, Myanmar, Nigeria, Rwanda, South Africa, Sudan, Tanzania, Togo, Zambia, and Zimbabwe. This program is to be instituted in 2007 and is restricted to individuals who are currently networking with eBlessings. The self-sustaining program will be at fifty percent operational capacity at the end of 2007. It will be operating at one hundred percent at the end of 2008. **This program is unique in that it is an integral** See the attachment for the administrators of this program.

## EVALUATION

The Evaluation will be conducted by America's Non Profit Academy Incorporated. America's Non Profit Academy Inc is a Georgia Based Consulting Group designed exclusively to provide basic start up and technical assistance to New Non Profit organizations. Our team comprises of experienced Non Profit Consultants, Non Profit Attorneys, and Certified Public Accountants. Ojong Odidi is the Program Director (Atlanta); (BA) Political Science & Public Administration, (MA) International Peace & Conflict Resolution Studies, University of Notre Dame Indiana.

**Evaluation design:** The evaluation will analyze information to determine the extent to which the projects goals and objectives have been achieved. The assessment will determine the level to which the program is effective in meeting the needs of the faith based organizations and their communities. The evaluation will provide ongoing feedback to program staff and sub advisory committee to allow needed changes for program effectiveness, fiscal efficiency, and overall improvements and success of the program. The evaluation will include quantitative examination of both process components (Services and management task) and outcome components. Both program activities and budget spending will be monitored monthly.

**Process Evaluation:** Process evaluation is an internal necessity for staff and planners to determine whether the project is being implemented as intended. This information will be available during the programs initial phases and on a continuing basis so that needed corrections can be made in a timely fashion. Process evaluation also provides meaning for the outcome evaluation (Outcome evaluation measures the impact of the program on the population being served). The evaluator for the Compassion Capital Fund Project will utilize the FORECAST model (formative Evaluation, Consultation, and System techniques) to guide project planning and implementation (Goodman, 1994). This system employs four components: Models, Markers, Measures, and Meaning. The evaluator develops an "action model" of the program in a diagram format exactly as it is presented in the grant proposal so that planners and key informants can visualize all proposed activities. The evaluation team then meets with the planners to refine this model and to reach consensus on the evaluation process and proposed program activities. To avoid any misunderstanding, this collaboration will occur early in project implementation. Markers, or indicators of project achievements, are then developed from the action model. Because of the complex nature of this project, program activities may not be implemented exactly as planed. When this happens, there is an increased likelihood that the program will not produce desired outcomes. The Evaluation team will meet monthly with Program planners to provide ongoing feedback so that adjustments can be made as needed.

**Measures and data Collection Instruments:** Measures provide the details on how the project will attain each marker. The measures will emphasize items to collect during program implementation such as training activity calendar and performance and response to participating organizations on what is learned and how useful this information serves their capacity building and technical needs. A variety of instruments will be used to collect data in this program: (1) Surveys containing both open ended and closed questions directed at workshop participants (2) Focus groups to achieve informal consensus regarding issues of concern (3) records including, attendance, workshop discussion participation, and (4) formal and informal observations on how useful the training is to participants and the lead organization. Satisfaction survey will be developed for use in training and activities. All data will be confidential.

**Scheduling of Evaluation Activities:** The evaluation process will begin as soon as the grant is awarded.

<b>EVALUATION TABLES (Process and Outcome)</b>
--

<b>Process Evaluation</b>
---------------------------

Objectives	Data to be Collected	Collection Methods/Tools	Timeline and Responsibility
(Feeding Program) 1) To provide three meals daily for school age children. 2) To identify and/or hire staff to coordinate the preparation and distribution of three meals daily to children enrolled in school. 3) To provide renovation to existing meal preparation facilities to accommodate adequate meal preparation and an increase of meal preparation capacity. 4) To construct new meal preparation and serving facilities on land provided, land purchased, or donated. 5) To provide new/used (functional) appliances for the new facilities. ## **SUSTAINABILITY**

We plan to sustain the program beyond the grant period by the sale and distribution of African arts and crafts, the sales of eBlessings books which are presently on Amazon.com (eBlessings being an Amazon affiliate) and seven other e-commerce venues, Google AdSense revenue, and the institution of various community-based, business opportunities proposed by various ministries and organizations, as well as our own, i.e., water purification systems, Internet cafes, water transportation services, goat farms, fish farms, and other business ventures which have the potential for generating money.

We plan to secure promissory letters of financial commitment from local and national businesses, individuals, and organizations. We will initiate a funds matching program with corporations and interested parties. It is our expectation that these contributions will cover about 15% of our total budget.

We plan to host banquets and dinners to raise funds for the program 3 times every year. We expect these banquets support 10% of our total budget.

Our plan is to formulate relationships with the local United Way organization and other socially conscious individuals and businesses to assist us in planning and implementation of present and future goals and objections.

Our plan is to contact churches locally and nationally to engage their involvement with yearly in-kind financial support, support of volunteers for specific projects and general support needs.

eBlessings plans to set up a sustainability team whose primary goal will be to develop and implement new ideas on sustainability.

<b>DIRECTORS</b>	
<p>We have a committed board of directors who are involved in their communities.</p>	
<p><b>James Anthony Allen, Chairman</b></p> <p>Mr. Allen is an evangelist and the founder of the eBlessings the international network of Christians. He holds a B.A. from the University of Maryland and has studied on the graduate level with the University of Maryland, European Division. He is an integral component in establishing economic assistance programs, intercommunication, and interoperability between eBlessings member nations. He is a publisher, distributor, and author of inspirational books, self-help books, and novels; and an associate with Amazon.com, an integral component of eBlessings' vision to foster self-sustaining programs. Mr. Allen serves as a support counselor in a church drug rehabilitation program, a role model for a boys homes, and a speaker for men leaving the corrections system and homelessness. He served in the United States Army, Europe and is committed to peaceful world change.</p> <p>PLACE ADDRESS HERE</p>	<p><b>Elizabeth F. Allen</b></p> <p>Ms. Allen is a member of the Technology Law practice group with a Fortune 500 company based in Atlanta. She holds a B.S. from Tufts University and a J.D. from Emory University. She has represented not-for-profit companies, municipal corporations and individuals in federal and state courts since 1987. She is a member of the State Bar of California and the State Bar of Georgia. Ms. Allen also manages the eBlessings Pen Pal Program and periodically teaches elementary school students in connection with the program.</p> <p>PLACE ADDRESS HERE</p>
<p><b>Marcus A. Allen</b></p> <p>Mr. Allen is currently pursuing a Masters Degree in African-American and African studies at North Carolina Central University. He holds a B.A. in History from the University of North Carolina at Chapel Hill. He serves as a tutor and mentor to school-aged children in the Durham, North Carolina area. Mr. Allen is involved in numerous church community activities and committed to community development. He is a contributor to the eBlessings International Daily Devotional and has authored several volumes of poetry.</p> <p>PLACE ADDRESS HERE</p>	<p><b>John M. Allen III</b></p> <p>Mr. Allen is a computer software specialist with the Coca-Cola Company in Atlanta, Georgia. He holds a B.S. from North Carolina A&amp;T University and has pursued graduate studies at the University of North Carolina at Greensboro. He will play an integral role in the implementation of eBlessing's vision to teach computer and Internet to individuals coming out of the corrections community and homelessness. Mr. Allen is President of Jamafour Investments, a real estate holding company in Atlanta, Georgia.</p> <p>PLACE ADDRESS HERE</p>
<p><b>Nikola Dimitrov</b></p> <p>Rev. Dimitrov is the President and CEO of Metamorphu Publishing Ministries, Ltd. In Bulgaria, Europe. He is a pastor of twelve years, author of several books, conference speaker, and English teacher. Rev. Dimitrov serves as the translator for</p>	<p><b>Dr. Idem Ikon</b></p> <p>Dr. Ikon is the Arch-Bishop of Revival Valley Ministries International in Nigeria, Africa. He is the General Overseer of over one hundred and twenty-five churches, and has preached the Gospel for over three decades. Dr. Ikon's organization is</p>

**EBLESSINGS INTERNATIONAL AREA OFFICES**

eBlessings has developed, maintains and seeks to expand its broad international community of collaborators, who are members of their local communities in high standing, and who provide dynamic social leadership at the local level. These collaborators have dedicated their lives to the service of their communities, with a focus on family and an emphasis on providing shelter, clothing, food, health care, and education for individuals and families, as well as developing and implementing a vision and plan for economic self-sufficiency. Presently, eBlessings is working with several orphanage homes in Africa, India, and other ministries and organizations, which serve or attend to the needs of destitute or suffering children and families. These homes and ministries are located in Bulgaria, Burkina Faso, Chad, Democratic Republic of Congo, Ethiopia, Gabon, Ghana, Gambia, India, Ivory Coast, Kenya, Liberia, Myanmar, Nigeria, Rwanda, South Africa, Sudan, Tanzania, Togo, Zambia, and Zimbabwe.

## **BRIEF BREAKDOWN OF EACH COUNTRY**

### **DEMOCRATIC REPUBLIC OF CONGO**

The Democratic Republic of the Congo, also often referred to as DRC, RDC, DR Congo, Congo or Congo-Kinshasa, and formerly as Zaire, is a nation in Central Africa and the third largest country on the continent. It borders the Central African Republic and Sudan on the north, Uganda, Rwanda, Burundi, and Tanzania on the east, Zambia and Angola on the south, and the Republic of the Congo on the west. The country enjoys access to the sea through a narrow forty-kilometer stretch, following the Congo River into the Gulf of Guinea. The Congo is situated at the heart of the west-central portion of sub-Saharan Africa.

The two recent conflicts (the First and Second Congo Wars), which began in 1996, have dramatically reduced national output and government revenue, have increased external debt, and have resulted in the deaths from war, famine, and disease of perhaps 3.8 million people. Since 1998, the country has suffered greatly from the devastating Second Congo War (sometimes referred to as the African World War, the world's deadliest conflict since World War II. Malnutrition affects approximately two thirds of the country's population. Conditions improved in late 2002 with the withdrawal of a large portion of the invading foreign troops.

(See the Country Profile which is attached.)

### **FEDERAL DEMOCRATIC REPUBLIC OF ETHIOPIA**

Ethiopia, officially the Federal Democratic Republic of Ethiopia, is a country situated in the Horn of Africa. It is the 2nd-most populous nation in Africa, bordered by Eritrea to the north, Djibouti to the northeast, Somalia to the east, Kenya to the south, and Sudan to the west. Ethiopia is the oldest independent country in Africa, and the second-oldest official Christian nation in the world after Armenia. Unique among African countries, Ethiopia was never colonized.

Agriculture accounts for almost 41 percent of the gross domestic product (GDP), 80 percent of exports, and 80 percent of the labor force. Many other economic activities depend on agriculture, including marketing, processing, and export of agricultural products. Production is overwhelmingly of a subsistence nature, and a large part of commodity exports are provided by the small agricultural cash-crop sector. Principal crops include coffee, pulses (e.g., beans), oilseeds, cereals, potatoes, sugarcane, and vegetables. Exports are almost entirely agricultural commodities, and coffee is the largest foreign exchange earner. Ethiopia's livestock population is believed to be the largest in Africa, and as of 1987 accounted for about 15 percent of the GDP.

(See the Country Profile which is attached.)

### **FEDERAL REPUBLIC OF NIGERIA**

Nigeria, officially the Federal Republic of Nigeria, is a country in West Africa and the most populous country on the African continent. Nigeria shares land borders with the Republic of Benin in the west, Chad and Cameroon in the east, Niger in the north, and borders the Gulf of Guinea in the south. Since 1991, its capital has been the centrally-located city of Abuja; previously, the Nigerian government was headquartered in Lagos.

With its economy and infrastructure devastated by years of military rule, corruption, and mismanagement, Nigeria is now reforming and rebuilding itself to be a modern, prosperous nation. It is taking advantage of its position as sub-Saharan Africa's most populous country to push for a more

prominent role in African and international politics. Such examples are its chairmanship of ECOWAS and the deployment of peace keeping troops to Liberia and Sierra Leone, and the African Union with troop deployments to the Sudan. Nigeria is a member of the Commonwealth of Nations.  
(See the Country Profile which is attached.)

### **GABONESE REPUBLIC**

Gabon, officially the Gabonese Republic, is a country in west central Africa. It borders on Equatorial Guinea, Cameroon, Republic of the Congo and the Gulf of Guinea. Gabon introduced a multiparty system and a new democratic constitution in the early 1990s that allowed for a more transparent electoral process and for reforms of governmental institutions. A small population, abundant natural resources, and foreign private investment have helped make Gabon one of the most prosperous countries in the region.

During the 1990s, devaluation of the CFA franc left Gabon struggling to pay its overseas debt; France and the IMF have provided further loans and aid in exchange for the implementation of changes to the economy. More than 10,000 French people live in Gabon, and France predominates foreign cultural and commercial influences. It is one of the least-densely inhabited countries in Africa, and a labor shortage is a major obstacle to development and a draw for foreign workers. The population is generally accepted to be just over 1 million but remains in dispute.

(See the Country Profile which is attached.)

### **REPUBLIC OF BULGARIA**

Bulgaria, officially the Republic of Bulgaria is a country in Southeastern Europe. It borders the Black Sea to the east, Greece and Turkey to the south, Serbia and the Republic of Macedonia to the west, and Romania to the north, mostly along the Danube. Bulgaria is today an active member of NATO. Bulgarian culture is a mix mostly of Thracian, Slavic and Bulgar cultures, but there are Byzantine, Turkish, Greek, Roma (Gypsy) and other influences.

Northern Bulgaria attained autonomy in 1878 and all of Bulgaria became independent from the Ottoman Empire in 1908. Having fought on the losing side in both World Wars, Bulgaria fell within the Soviet sphere of influence and became a People's Republic in 1946. Communist domination ended in 1990, when Bulgaria held its first multiparty election since World War II and began the contentious process of moving toward political democracy and a market economy while combating inflation, unemployment, corruption, and crime. Today, reforms and democratization has allowed Bulgaria to integrate into the EU, European Union.

(See the Country Profile which is attached.)

### **REPUBLIC OF CHAD**

Chad, officially the Republic of Chad, is a landlocked country in central Africa. It borders Libya to the north, Sudan to the east, the Central African Republic to the south, Cameroon and Nigeria to the southwest, and Niger to the west. Due to its distance from the sea and its largely desert climate, the country is sometimes referred to as the "dead heart of Africa". In the north, it contains the Tibesti Mountains, the largest mountain chain in the Sahara desert.

Chad's primarily agricultural economy is being boosted by major oilfield and pipeline developments that began in 2000. Over 80% of Chad's population continues to rely on subsistence farming and stock raising for its livelihood. Cotton, and, in a far lesser measure, cattle and gum arabic, have, until recently, provided the bulk of Chad's export earnings. Chad's economy has long been handicapped by its

landlocked position, poor internal communications, high energy costs, scarce water resources and a history of instability.

(See the Country Profile which is attached.)

### **REPUBLIC OF CÔTE D'IVOIRE (IVORY COAST)**

Côte d'Ivoire (Ivory Coast), officially the Republic of Côte d'Ivoire, is a country in West Africa. It borders Liberia and Guinea to the west, Mali and Burkina Faso to the north, Ghana to the east, and the Gulf of Guinea to the south. Once one of the most prosperous of the tropical West African states, its economy has been undermined by political turmoil and civil war. Consequently the country has been divided for the past four years, while the United Nations, France and South African President Thabo Mbeki of the African Union have worked with Ivorian President Laurent Gbagbo and leadership of the "Rebel Forces" to try to negotiate a peace deal, but without success, leading to four years of "no peace, no war," which has undermined the country's economy.

Maintaining close ties to France since independence in 1960, diversification of agriculture for export, and encouragement of foreign investment, has made Côte d'Ivoire one of the most prosperous of the tropical African states. However, in recent years Côte d'Ivoire has been subject to greater competition and falling prices in the global marketplace for their primary agricultural crops coffee and cocoa. That, compounded with high internal corruption, makes life difficult for the grower and those exporting into foreign markets.

(See the Country Profile which is attached.)

### **REPUBLIC OF THE GAMBIA**

The Gambia, officially the Republic of The Gambia, is a country in Western Africa. It is the smallest country on the African continental mainland and is bordered to the north, east, and south by Senegal, and the Atlantic Ocean in the west. The Gambia is a very small and narrow country whose borders mirror the meandering Gambia River. The country is less than 48km wide, with a total area of 11,300 km<sup>2</sup>.

The Gambia has a liberal, market-based economy characterized by traditional subsistence agriculture, a historic reliance on groundnuts (peanuts) for export earnings, a re-export trade built up around its ocean port, low import duties, minimal administrative procedures, a fluctuating exchange rate with no exchange controls, and a significant tourism industry. More than 63% of Gambians live in rural villages (1993 census).

(See the Country Profile which is attached.)

### **REPUBLIC OF KENYA**

The Republic of Kenya is a country in Eastern Africa. It is bordered by Ethiopia to the north, Somalia to the east, Tanzania to the south, Uganda to the west, and Sudan to the northwest, with the Indian Ocean running along the southeast border. Kenya is a diverse country, with many different cultures represented. Notable cultures include the Swahili on the coast, pastoralist communities in the north, and several different communities in the central and western regions. Today, the Maasai culture is the best known, due to its heavy exposure from tourism although it's only a minor tribe.

Kenya enjoys a tropical climate. It is hot and humid at the coast, temperate inland and very dry in the north and northeast parts of the country. The country receives a great deal of sunshine all the year round and summer clothes are worn throughout the year. However, it is usually cool at night and early in the morning. The long rain season occurs from April to June. The short rain season occurs from October to

December. The hottest period is from February to March and coldest in July to August. The annual migration occurs between June and September with millions of wildlife taking part. It has been a popular event for filmmakers to capture.

(See the Country Profile which is attached.)

### **REPUBLIC OF LIBERIA**

Liberia, officially the Republic of Liberia, is a country on the west coast of Africa, bordered by Sierra Leone, Guinea, and Côte d'Ivoire. Liberia, which means "Land of the Free", was founded as an independent nation by free-born and formerly enslaved African Americans. Recently it has witnessed two civil wars, the Liberian Civil War (1989–1996), and the Second Liberian Civil War (1999–2003), that have displaced hundreds of thousands and destroyed its economy.

Liberia is situated in Western Africa, bordering the North Atlantic Ocean. The landscape is characterized by mostly flat to rolling coastal plains, which rise to rolling plateau and low mountains in the northeast. The climate is hot and humid with a lot of rain fall. Winters are dry with hot days and cool to cold nights. Summers are wet and cloudy with frequent heavy showers.

(See the Country Profile which is attached.)

### **REPUBLIC OF RWANDA**

Rwanda, officially the Republic of Rwanda, is a small country in the Great Lakes region of east-central Africa, with a population of approximately 8 million. It is bordered by Uganda, Burundi, the Democratic Republic of the Congo and Tanzania. Its fertile and hilly terrain, which gives it the title "Land of a Thousand Hills." Rwanda supports the densest populations in continental Africa. It is best known to the outside world for the 1994 Rwandan genocide that resulted in the deaths of up to one million people.

It is landlocked with few natural resources and minimal industry. Primary exports are coffee and tea, flowers and in recent years, minerals. High dependence on subsistence agriculture, high (and increasing) population density, decreasing soil fertility and uncertain climate make Rwanda a country where chronic malnutrition is widespread and poverty endemic. According to the World Food Program, it is estimated that 60% of the population live below the poverty line and 10-12% of the population suffer from food insecurity every year.

(See the Country Profile which is attached.)

### **REPUBLIC OF SOUTH AFRICA**

The Republic of South Africa is a country located at the southern tip of the African continent. It borders the countries of Namibia, Botswana, Zimbabwe, Mozambique, and Swaziland. Lesotho is an enclave entirely surrounded by South African territory. South Africa has experienced a significantly different evolution from other nations in Africa as a result of immigration from Europe which reached levels not experienced in other African communities and due to the strategic importance of the Cape Sea Route. South Africa is a very racially diverse nation.

The country is one of the few in Africa never to have had a coup d'état, and regular elections have been held for almost a century; however, the vast majority of black South Africans were not enfranchised until 1994. The economy of South Africa is the largest and best developed on the continent, with modern infrastructure common throughout the country. South Africa is often referred to as The Rainbow Nation - a term coined by Archbishop Desmond Tutu and later elaborated upon by then-President Nelson Mandela

as a metaphor to describe the country's newly developing multicultural diversity in the wake of segregationist apartheid ideology.

(See the Country Profile which is attached.)

### **REPUBLIC OF THE SUDAN**

The Sudan (officially the Republic of the Sudan or Republic of Sudan) is the largest country by area in Africa, situated in Northern Africa, also the largest Arab country. It is bordered by Egypt to the north, the Red Sea to the northeast, Eritrea and Ethiopia to the east, Kenya and Uganda to the southeast, Democratic Republic of the Congo and the Central African Republic to the southwest, Chad to the west, and Libya to the northwest. It is the tenth largest country in the world by area. Sudan has turned around a struggling economy with sound economic policies and infrastructure investments, but it still faces formidable economic problems as it must rise from a very low level of per capita output. Since 1997 Sudan has been implementing the macroeconomic reforms recommended by the IMF.

Agriculture production remains Sudan's most important sector, employing 80% of the work force and contributing 39% of GDP, but most farms remain rain-fed and susceptible to drought. Chronic instability — including the long-standing civil war between the Muslim north and the Christian/animist south, adverse weather, and weak world agricultural prices — ensure that much of the population will remain at or below the poverty line for years.

(See the Country Profile which is attached.)

### **THE REPUBLIC OF INDIA**

India, officially The Republic of India, is a country in South Asia. It is the seventh-largest country by geographical area, the second most populous country, and the largest liberal democracy in the world. India has a coastline of over seven thousand kilometers and borders Pakistan to the west; China, Nepal, and Bhutan to the northeast; and Bangladesh and Myanmar to the east. In the Indian Ocean, it is adjacent to the island nations of Sri Lanka, Maldives and Indonesia.

Home to the Indus Valley Civilization, a centre of important trade routes and vast empires, India has long played a major role in human history. India has also been one of the cradles of Human Civilizations. Hinduism, Sikhism, Buddhism and Jainism all have their origins in India, while Islam and Christianity enjoy a strong cultural heritage having arrived through trade even before foreign invasions, and having reached the subcontinent before European acquisition of the religions. Colonized as part of the British Empire in the nineteenth century, India gained independence in 1947 as a unified nation after an intense struggle for independence. The country's population, wildlife, geographical terrain and climate system are among the most diverse in the world.

(See the Country Profile which is attached.)

### **UNITED REPUBLIC OF TANZANIA**

Tanzania, officially the United Republic of Tanzania, is a country on the east coast of Africa. It is bordered by Kenya and Uganda on the north, Rwanda, Burundi and the Democratic Republic of the Congo on the west, and Zambia, Malawi and Mozambique on the south. To the east it borders the Indian Ocean. The country is named after Tanganyika, its mainland part, and the Zanzibar islands off its east coast. The country has been a member of the Commonwealth since gaining independence in 1961. In 1964, Tanganyika united with Zanzibar, forming the United Republic of Tanganyika and Zanzibar, later

## eBlessings

renamed to the United Republic of Tanzania. In 1996, Tanzania's capital was officially moved from Dar es Salaam to Dodoma, although many government offices still remain in the old capital.

Tanzania is the world's 31st-largest country (after Egypt). It is comparable in size to Nigeria, and is about half the size of Alaska. Tanzania is mountainous in the northeast, where Mount Kilimanjaro, Africa's highest peak, is situated. To the north and west are the Great Lakes of Lake Victoria (Africa's largest lake) and Lake Tanganyika. Central Tanzania comprises a large plateau, with plains and arable land. The eastern shore is hot and humid, with the island of Zanzibar lying just offshore.

Tanzania contains many large and ecologically significant wildlife parks, including the famous Serengeti National Park in the north.

(See the Country Profile which is attached.)

**THIS IS A NEEDS LIST (NEED TO DO LIST)**

**COUNTRY PROFILE**

(Attachment)

**DO FOR EACH COUNTRY...  
STATE THE SITUATION**

**BULGARIA**

One hundred and twenty children are being cared for. These disenfranchised families are in extremely socially unequal conditions, some without shelter, some without electricity or running water; many without food and other basic needs. Most of them are illiterate which does not give them any chance of integrating into society. We are doing the best we can to shelter these children, to feed them, clothe them and educate them in the basic things, like the Bulgarian language, mathematics, history, and computer training. This gives them better opportunities to become productive citizens in society when they grow up.

**ETHIOPIA**

In Ethiopia, the Addis Bible Center organization has over four hundred orphans in desperate need with scores of street children who need assistance.

**NIGERIA**

One pastor in Nigeria has fifteen orphaned children who need assistance.

**RWANDA**

In Rwanda, the organization HOSTA has three hundred orphaned children and seventy street children whom they assist. Other ministries in Rwanda in the eBlessings network have together totals of over fifty orphans and street children.

## **LETTERS OF SUPPORT**
