*Through fellowship and relationship with one another,
we experience relationship and fellowship with Christ.*

"Blessed be God, even the Father of our Lord Jesus Christ, the Father of mercies, and the God of all comfort; who comforteth us in all our tribulation, that we may be able to comfort them which are in any trouble, by the comfort wherewith we ourselves are comforted of God."

2 CORINTHIANS 1:3 (KJV)

Dirt - 3. There are four main elements of our physical world: earth, wind, fire and water. They are often used as a medium for the wrath of God. They are also mediums to receive the miraculous physical manifestations of God's awesome nature. They help to activate God's nature in us.

Look around and notice whether you have touched the ground today. Be aware. Have you walked on the grass? On the dirt today? Yesterday? Have you? Think about it. We can leave the house, get in the car, go to work, work all day, leave the job and go home and never touch the earth.

The earth is one of the largest creations, which God has made in His Infinite Wisdom. It is therefore not just something that we are connected to by gravity. It is a God creation, something to behold; to utilize.

We must touch this miraculous physical manifestation of God. It is akin to a mother touching her newborn baby. The earth heals us. The earth acts as a ground for our negative energy. Leave your shoes on, but get off the sidewalk, walk on the grass--on the earth. The enemies of God do not want us to walk on the earth. Spinning over 1,500 miles an hour, trees collect energy and send it into the earth—grounding it. We can ground our negative energy by walking on the earth, in the park, working in the garden, or doing yard work. We can receive healing of our physical bodies if we touch the earth regularly. We come from the earth and when we die we go back to the earth. Shouldn't we enjoy, touch, put our hands and feet on the earth while we live? Be comforted now by God's earth! Selah!

PEACE
